Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 04 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Initially dry and sunny for some but rain arriving later.

Today:
A dry start to the day with some sunshine. Cloud will gradually build up and an area of rain will push into the region from the south by the afternoon, spreading across all parts, with occasional heavy bursts. Maximum temperature 9 deg C (48 deg F).

Tonight:
Outbreaks of rain continuing for many but will gradually clear, leaving the rest of the night largely cloudy and dry. Minimum temperature 4 deg C (39 deg F).

Friday:
The morning will be dry and mostly cloudy but showers are likely later in the afternoon. Maximum temperature 8 deg C (46 deg F).

Outlook for Saturday to Monday:
Dry spells on Saturday with outbreaks of rain, possibly snow in the north. Drier with some sunshine on Sunday, turning breezy and colder. Monday, feeling very cold with snow showers.
